I'm a romantic, a lover of seeing stories and relationships in the images that abound.

When I photograph, I open my heart to the people and interactions around me. I take deep care in connecting with the couples I work with, and value the relationships we build. You have to trust me to let me in, to let me hang out with you in your most memorable moments. My style blends documentary with fine art to bring you meaningful, timeless photos. I'll be right there, photographing you and the wonders that unfold, and building a portfolio of images that will tell the story of your love with compassion.
